

Emanuel *Mintiuan*

the art of stopping the scroll

PERFORMANCE CREATIVE DESIGNER · AI IMAGE + VIDEO · STORYBOARDS

mintiuan1@gmail.com · +47 939 54 123 · mintiuan1-byte.github.io/portfolio · Norway

I design ads that make people stop scrolling. Statics, AI video and storyboards for online brands. Since April 2026 I have shipped *1,000+ static ads for 50+ brands*, from energy sticks and Mānuka honey to luxury robes and kids' e-bikes.

EXPERIENCE

Designer, Marketer.com

Apr 2026 – now

An agency that makes paid social ads for online brands.

APRIL 2026

Intern at Marketer.com. First batches for Somnea and CardoMax, learning statics from my pod leader.

AUGUST 2026

Running whole campaigns. From brief to delivery on my own, several brands a week.

OCTOBER 2026

Offered a full-time job. The people who saw my work every day asked me to stay.

- Statics, AI image and video, and storyboards, from brief to named, delivered files.
- Each brand kept to its own type, colours, claim rules and file naming.
- Turn client feedback from Frame.io and Slack into the next round.

IN NUMBERS

50+
brands designed for since April 2026

1,000+
static ads shipped, most in two or three sizes

100+
video cuts: ads, UGC and AI product shots

6 mo
from intern to a full-time offer

HOW I WORK

01 Read the brief
02 Research the brand
03 Gather references
04 Write the prompt
05 Generate and pick
06 Finish in Figma and Photoshop
07 Deliver and iterate

ALSO

Music production in FL Studio, video edits and small apps and tools I build for myself. From Italy.

EDUCATION

Design, Noroff

2 years

Two years of design school, plus my own music and video edits. Self-taught before that.
